DISCOURSE FLUTRONIX

WORLD PREMIERE

**COMMISSIONED BY
CAROLINA PERFORMING ARTS**

In this world premiere commissioned by Carolina Performing Arts, flute, vocal, and electronics duo Flutronix—comprised of Nathalie Joachim and Alison Loggins-Hull—share voices of the Chapel Hill community in a vibrant new light. Created over two years during Flutronix's artist residency at CPA, *Discourse* is a stunning, immersive performance that draws directly from the stories about and by our neighbors. Rooted in the uncertainty and frustration of the dividing US, *Discourse* dives deep into the thoughts of the Triangle community, using their words as inspiration and incorporating recorded oral history with new music performed live by the duo.
